

PRODUCT LIST

RIA Mobile GIS can source and supply a range of additional hardware components from a number of vendors to meet your project needs and requirements. (This includes a range of other PDA, Tablet and Laptop hardware, as well as a wide range of GPS units). Please contact our office to discuss your project needs.

Note: prices are approximate only and are subject to change. Please contact us for a formal quote.

PDAs

	<p>Motorola ES400 600 MHz, ARM 11 processor, MSM 7627, 256MB RAM/1GB Flash, 12.9 x 6.0 x 1.6 cm, 156 g</p>	<p>\$781 ex. GST</p>	<p>GPS: Qualcomm AGPS Camera: 3.2MP Camera 3.5" Screen</p>
	<p>Motorola MC65 600 MHz, ARM 11 processor, MSM 7627, 256MB RAM/1GB Flash, 16.2 x 7.7 x 3.3 cm, 359 g</p>	<p>\$2,390 ex. GST</p>	<p>GPS: Qualcomm AGPS Camera: 3.2MP Camera 3.5" Screen</p>
	<p>Getac MH132 Qualcomm MSM7227 600 MHz, RAM 256MB, 512MB ROM, 2GB NAND flash, 13.6 x 7.0 x 2.5 cm, 215 g</p>	<p>\$850 ex. GST</p>	<p>GPS: Qualcomm AGPS Camera: 3MP Camera 3.2" Screen</p>
	<p>Getac PS535F Samsung S3C2450 533MHz, 256MB MDDRi; 128MB MDDRii 2GB NAND flash, 14.4 x 8.2 x 2.9 cm, 300 g</p>	<p>\$1,030 ex. GST</p>	<p>GPS: Qualcomm AGPS Camera: 3MP Camera 3.5" Screen</p>
	<p>Getac PS236 Marvell PXA310 806MHz, 128MB MDDR main memory , 256 MB Flash ROM , 4gb iNand storage , 8.9 x 3 x 17.8 cm, 530 g 12 hours standard battery life</p>	<p>\$1,210 ex. GST</p>	<p>GPS: SiRFstarIII Camera: 3MP Camera 3.5" Screen</p>

Nomad 900

Marvell 806 MHz XScale processor , 128 MB DDR SDRAM , 512MB - 2GB NAND flash , 17.6 x 10.0 x 5.0 cm, 596 g
Up to 15 hours of battery life

Configurations Available

\$2629
- \$3527 ex. GST

GPS: SiRFstarIII
Camera: 5MP Camera
3.5" Screen

Trimble GeoXH

Marvell 520 MHz XScale processor , 128 MB DDR SDRAM , 1GB Flash , 21.5 x 9.9 x 7.7 cm, 810 g
10 Hours Battery Life

\$6000 ex. GST

GPS: Trimble Maxwell™ 6 GNSS
Camera: 3MP Camera
4.2" Screen

RUGGEDISED TABLETS

Panasonic Toughbook U1

Intel Atom Processor, Z520 1.33GHz, 1GB RAM, 16GB SSD, 14.4 x 8.2 x 2.9 cm, 300 g
5.6" display

Configurations Available

\$3,500
- \$5,500 ex. GST

GPS: SiRFstarIII
Camera: 2MP Camera
5.6" Screen

Xplore iX105C4

Intel Core i7 620 UE processor – up to 2.13GHz, 2GB RAM, 28.4 x 20.9 x 4.1 cm, 2.217 kg

Configurations Available

\$4,206
- \$4,724 ex. GST

GPS: 2m – submetre options
Camera: 3MP Camera
10.4" Screen

Getac E100A

Intel N450 1.6GHz, 2GB DDR2 RAM, 80GB SSD 7627, 28.0 x 18.4 x 3.2 cm, 1.4kg

\$3,660 ex. GST

GPS: SiRFstarIII
Camera: .2MP Camera
8.4" Screen

Trimble Yuma

Intel Atom 1.6GHz processor, 1GB DRAM, 32GB SSD, 14 x 23 x 5 cm, 1.2kg,

\$5,037 ex. GST

GPS: SiRFstarIII
Camera: 2MP Camera
7" Screen

RUGGEDISED LAPTOPS

Getac S400

Intel Core i5 2.4 GHz, 2GB DDR3 RAM, 320GB Shock Mounted HDD, 34.8 x 25.8 x 4.92 cm, 2.9kg

\$2,775 ex. GST

Getac V200

Intel Core i7 2.0 GHz, 4GB RAM DDR3 RAM, 320GB Shock Mounted HDD, 31.4 x 22.2 x 4.9 cm, 2.7kg

\$4,675 ex. GST

Tablet convertible
Fully rugged

Panasonic Toughbook CF19

Intel Core i5-540 1.2 GHz (turbo boost up to 2Ghz), 2GB RAM, 160GB Shock Mounted HDD

Configurations Available

\$5,499

- \$7,093 ex. GST

Tablet convertible
Fully rugged

RUGGED GPS CAMERA

Ricoh Caplio G700SE

High-quality, rugged 8MP camera with optional GPS and compass module.

\$1,900 ex. GST
(with GPS)

GPS: SiRFstarIV

LASER RANGEFINDER

TruPulse 360B Laser Rangefinder

Laser rangefinder with Bluetooth.

\$2,496 ex. GST

GPS UNITS

Novatel SMART-V1 GPS Antenna

\$6,000 ex. GST

OmniSTAR VBS Capable, Real-time DGPS, 14 Channel L1. Packing includes Pole, Pack and Battery. Does not include cost of OmniSTAR subscription.

Globalsat BC-337 GPS Receiver

\$100 ex. GST

SiRF III GPS - 20 Tracking Channels. Compact Flash Card GPS

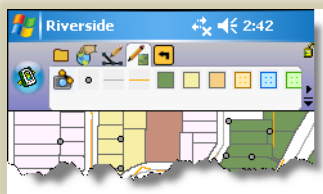

Transystem 747A+ BT GPS

\$100 ex. GST

MTK Chipset - 62 Tracking Channels
BT GPS with navigation and datalogger functionality

SOFTWARE/SUPPORT

ArcPad 10.0

\$1,870 ex. GST

Latest version of Mobile GIS software, ArcPad. Includes postage of a complimentary install disc for the software. Includes 1-year free ESRI maintenance. **We can offer a large discount on ArcPad 10.0 when purchased with hardware. Ask us about bundling!**

ArcPad 7.1 Upgrade

\$670 ex. GST

Upgrade 7.1 to the newest version of ArcPad

Getac PS236 Geotagging Software

\$150 ex. GST

G-Camera Software for Geotagging on PS236 (GPS)

RIA Annual ArcPad Phone Support

\$595 ex. GST

Phone support is per each nominated person in an organisation

ACCESSORIES

General Accessories

We supply the full range of available manufacturer accessories for the devices we sell, including carry cases, extended batteries, office docks, vehicle chargers and all optional modules.

RAM Mounts

Tough and flexible mounting options for a range of portable devices, from PDAs to laptops. An array of different options are available for mounting in any kind of vehicle. Ask us for quotes and advice.

RIA Mobile GIS specialise in Field Mapping and Mobile Geographic Information Systems, and developing solutions surrounding this activity.

RIA Mobile GIS Supplies Systems, develops Solutions for, and Supports ESRI ArcPad Software and ArcGIS Server Mobile GIS Technology.

Systems and Sales

- > Design a system configuration to meet your Mobile GIS needs.
- > Software, hardware and accessories, to meet your Mobile GIS needs

Solutions and Services

- > Design and develop a Field Mapping and Mobile GIS solution for your project.
- > Design and develop a Server solution to integrate and sync your field data in your corporate GIS.
- > Data and GIS services designed to meet your Mobile GIS and Field Mapping requirements.
- > Data and GIS services designed to integrate and sync your field data in your corporate GIS.

Support and Training

- > ArcPad and ArcPad Application Builder training. RIA Mobile GIS is an authorised accredited ESRI trainer providing ArcPad and ArcPad Application Builder training courses throughout Australia.
- > Custom support for a solution we've developed.
- > Standard annual ArcPad phone support packages can be purchased.
